

SUMMER FUN

Our Early Childhood camp provides a warm, nurturing and child-centered environment where children can make friends, be active in the fresh air, and enjoy the play under the supervision of caring adults. Our program is designed specifically for children ages 18 months to 3-1/2 years old. If your child will be 2 by December 31, this is the perfect place for them!

Our groups are small so we can provide appropriate attention to each child. Our professional, mature adult staff are selected for their educational background, early childhood training, teaching experience and for their sensitivity to the individual needs of the young child. Your child will participate in a variety of activities including arts and crafts, nature, music, science, cooking, water play, story time, and table games. All activities reflect and incorporate our weekly themes and our flexible program allows you to pick and choose your 2 to 8 weeks of summer camp.

For first time campers, we specialize in guided, gentle separation from parent or caregiver. We are a diaper-friendly program (children do not need to be potty trained).

OUR ECC MISSION

The Westchester Jewish Center Early Childhood Center (ECC) is a warm and nurturing environment encouraging children's cognitive, social, emotional, and physical growth. Our progressive school takes inspiration from a range of child-centered approaches to early childhood education with an emphasis on play-based, experiential learning, and a low teacher-to-student ratio.
