

Grandparents' Prayer
(For grandparents of a different faith)

Dearest God

I thank you for the opportunity to see my beautiful grandchild take his/her place in her synagogue and with her/his community.

(Child's name),

May you be blessed to grow in good health.

May you always have a good mind and a warm heart.

May your soul reach out to others and to God

Never doubt the love of your family

Never doubt the strength of your community

And never doubt yourself.

Today you are a great source of pride for me and our family. May you feel the same pride in yourself and may we all be given the opportunity to share moments like these for many years to come.
